EXPERIENCE OUR CITY VIBES

As a famous Haarlem garden architect and real Burgundian, Zocher is the inspiration for our lively meeting place. The Zocher family was known for the design of various gardens and parks in Haarlem, the most famous design being the Vondelpark in Amsterdam, and the Frederikspark located next to our hotel. The gardens of Zocher were decorated with many primeval vegetables which you can find in our kitchen! Our chef works closely with local suppliers and uses real and fair robust ingredients.
