

# SOPHIA

Dear guest,

How delightful that you have chosen our restaurant with my name.

I am Sophia, King Willem II's youngest. You are in a part of The Hague that is very dear to me. This is where I once lived, loved and savoured the best things in life.

Mind you, savouring things is second nature to us The Hague dwellers. It is an art we also love to share. That's why today we will go to any length to make your visit special. After all, you are a Princess's guest, and, as they say, "noblesse oblige".

I wish you a Royal experience.

A warm Embrace!
